

CBM 650 Manual Plastic Comb Closing Machine

The manual CBM-650 Plastic Comb Closer is perfect for enhancing any print rooms productivity. It's simple to use, all metal construction design guarantees high productivity and durability. It will close all comb sizes from 6mm up to 51mm.

Machine Features:

- Consistent finishing quality
- Stand Alone Design: The unit is designed to also work as a stand alone unit, thus no additional "holding device" is required.
- Horizontal closing mechanism
- The CBM650 modular unit is designed to work as a stand alone unit, as well as a mounted module to one of our comb binding punches such as the Comb Mac 240E and the Comb Mac 240M
- Built-in Diameter Size Selector: measures document's thickness, in order to determine the best comb size option.
- The unique ambidextrous design of CBM650 means its handle can be installed on either the left or right side, allowing an efficient operation whether you are left or right handed.
- User-friendly design and heavy-duty all metal construction guarantee maximum productivity and durability.
- Closes 20R and 21R plastic combs including sizes from 6mm up to 51mm
