

MC320 Electric Wire Closing Machine

The Qupa MC320 Electric Wire Closer is perfect for enhancing any print rooms productivity. The ruggedly built electric wire closer ensures consistent closing of all your wire binding documents. Changing wire sizes are made simply by programming in the required size. A magnetic backing and closing jaws provides optimum document positioning and easy of use. It will close all 3:1 and 2:1 Wire sizes from 4.8mm up to 32mm.

Machine Features:

- 320mm closing width
- Consistent finishing quality
- Binding plaster antiskid design supports accurate closing every time
- Smart-Detect systems - the closing plate automatically detects the wire size and adjusts the closing pressure as needed, eliminating cumbersome wire size pre-setting
- Built in safety sensor provides safe and trouble free closing without risk of injury
- Wire holding fixture making loading wires easier
- Fast and simple set up with the automatic wire binding range memory function
- LED control panel - easy to read display and touch sensitive buttons make the machine easy to operate
- Magnetic backing - aligns and holds the wire in place during the closing process making a perfect close every time
- Closes 3:1 and 2:1 wire pitches including sizes from 4.8mm up to 32mm
- Simple push button operation on the top of the machine to drive the wire closing operation

Machine Specifications:

- Closes Wires: 4.8mm - 38mm
- Max Closing Width: 320mm
- Closing Speed: 2-3 Sec dependent on document size
- Dimensions (H x W x L): 390mm x 330mm x 217mm
- Weight: 11.5Kg
- Part Code: Mac- WB - Wire Closer Electric
- Warranty: 12 months
