

WireMac-EX21 Binding Machine

The WireMac-EX21 is an all metal, electric 2:1 pitch wire binding machine. This desktop binding machine is ideal for binding reports, booklets, manuals, documents, notepads, calendars and menus. An ideal binding machine for medium to high volume usage. The machine also allows for binding of A3 document along the long edge.

Machine Features:

- Master Selector: Precisely and quickly determine the appropriate pitch, wire size, closing position, and depth margin punching.
- Adjustable Depth Margin Control: Provide documents with the correct punch depth margin for optimal paper thickness and wire diameter ratio.
- Wire Holder: Hold the wire in position for quick and easy insertion of punched sheets onto the wire.
- Open Ended Punch Throat & extended Punching Guide: Allows easy alignment & punching of longer documents.
- Side Margin Control: Easy alignment of paper before punching.
- Fully Disengaging Pins: Quick and easy adjustment of punching length.
- Wire Closer Control: Accurate closer adjustment guarantees a perfectly bound document.
- Thumb Cut Punching: Specifically for binding calendars with hangers (Optional)
- Heavy-Duty Punch Motor: Heavy-duty motor with the thermal overload protection to prevent downtime.
- Manual Anti-Jam Function: For trouble free punching.
